

# NEERENDRA KUMAR

DESIGN ENGINEER

## CONTACT

8810240381

neerendrakumarhmz@gmail.com

New Delhi, India

## SOFTWARES

- AutoCAD
- Solidworks
- CCC

## TECHNICAL SKILLS

- 2D Drafting
- 3D Modeling
- GD & T Basic
- Measuring Instruments
- Quality Inspection
- Technical Documentation
- Drawing Reading

## CERTIFICATION

- AutoCAD & Solidworks Training (CADD CENTRE GURUGRAM)
- Course On Computer Concept (Exe Solutions, New Delhi)

## LANGUAGES

- Hindi
- English

## PROFESSIONAL SUMMARY

A highly motivated and detail-oriented CAD Designer with a strong foundation in AutoCAD 2D Drafting and SolidWorks 3D modeling. Proficient in designing and documenting mechanical parts with a focus on accuracy and drawing modification. Dimensioning and tolerance. Hands-on experience with the New Part Development and inspection of Engine parts. Skilled in using measuring instruments such as Vernier Calipers, Micrometers, and roughness testers to ensure precision in design and manufacturing.

## WORK EXPERIENCE

### I L Precision Technology Pvt. Ltd. Gurugram

MAR. 2025 - PRESENT

JR. Engineer (PRODUCTION)

**Company Profile:** Manufacturing of PCD and CBN Cutting Tools.

- Maintain production quality and quantity targets as per the shift plan.
- Keep daily records of production output, rejection, and downtime.
- Check dimensions, surface finish, and tolerances using a vernier caliper, Micrometer, etc.

### Shriram Pistons & Rings Ltd. Ghaziabad

FEB. 2024 to FEB. 2025

Apprentice Trainee (NPD)

**Company Profile:** Manufacturer of Engine components, Supplier and exporter

- Perform inspection of the Piston Rings at NPD stages of process as per drawings.
- Maintain all lab documents like equipment calibration reports, drawings, etc.
- Contributed to reducing error rates in production by implementing learned techniques.
- Check work during each operation and after the completed job to ensure parts are complete as per the drawing.

### Krishna Maruti Ltd IMT Manesar Gurugram

AUG. 2024 to JAN. 2025

OET (ASSEMBLY)

**Company Profile:** Manufacturer of Seating System (Car seat set) & doors trims

- Ensured proper fitting, alignment and torque tightening of Car seat components during assembly.
- Supported production targets by maintaining line speed and minimizing downtime.
- Followed 5S and safety standards to maintain a clean and organized work area.

## EDUCATION

### Diploma in Mechanical Engineering

Govt. Polytechnic Etah (BTEUP)

2020 - 2023

### Bachelor of Arts (B.A)

Shree Gumani Singh Mahavidyalaya (Hathras)

2017 - 2020

### 10<sup>th</sup> & 12<sup>th</sup> Standard (UP Board)

Rani Avanti Bai Inter College, Marehra (Etah)

2015 - 2017

### AutoCAD & Solidworks Certificate

Certified by:- CADD Centre sec. 14, Gurugram

6 Months

Done Live projects, including 2D Drafting and 3D Modeling
